# Mason City Milking Shorthorn Sale

The Model Farmer's Cow

Will Be Held At

**Lund's Sale Pavilion, Mason City, Iowa**

**Saturday, May 26th, 1945**

## ***Sale Program***

**Before the Sale Gathering:** Hanford Hotel, Mason City, Iowa, 7 P. M., Friday, May 25th, 1945.

**Parade of Cattle:** 10 A. M., Saturday, May 26th, 1945. Parade will begin with the mature cows... Lund's Sale Pavilion, Mason City.

**Sale:** 1 P. M., Saturday, May 26, 1945. At Lund's Sale Pavilion, east edge of Mason City, south of U. S. Highway 18. Harvey S. Duncan, Creston, Iowa, auctioneer. Mail Bid Commissioner Paul Dresser, Cedar Falls, on Friday, May 25th and Saturday May 26th Hotel Hanford, Mason City. Ring Superintendent, Walter Kruse, Sheldon, Iowa. George W. Cady, D. V. S., Mason City, Sale Veterinarian. Roy A. Cook, Independence, Iowa, Sale Clerk.

## Foreword

Now that we have the 25 good Milking Shorthorn Sales at Mason City behind us, we want to thank the many farmers and farm owners who have contributed to make Mason City the best spot for both buyer and seller to attend.

We have two attractions for the twenty-sixth sale at Mason City to be held Saturday, May 26th. One is the best lot of cows and best lot of bulls we have ever gotten together.

Another is that, to accommodate our many friends who have to husband their time and gasoline, we offer the services of Paul Dresser, one of our pioneer Milking Shorthorn breeders and judges as mail bid commissioner.

You can write Mr. Dresser at Cedar Falls, Iowa, where he lives just two miles west of Cedar Falls, or you may write him at the Hotel Hanford, Mason City, Iowa, where he will be from five o'clock p. m. May 5th.

Forty years ago Mr. Dresser was breeding Milking Shorthorns that won tops at shows, and produced milk and

butterfat comparing favorable with special purpose herd yields.

Mr. Dresser has for years been an approved judge of Milking Shorthorns. He has filled many commissions to purchase cattle both privately and at sales. His rugged honesty is well known among those who have sold to him or bought from him.

The Hanford Hotel, at Mason City, Iowa, has arranged to give instant service in delivering to Paul Dresser, who will be at this hotel the day before and the day of the sale, all letters, air mail or regular mail.

### How the Plan Works

Mail bidders are kindly requested to outline their instructions on the Mail Bid Form, enclosed separately in the Sale catalog, and return in the envelope that requires no postage, that is enclosed with the Sale catalog.

The mail bids in the sealed envelopes will come directly to the Mail Bid Commissioner. Prior to the sale of the animals in the sale, the bids will be handled by, and known only to him. There is necessarily the exception, that should the mail bids be so numerous that they can not be capably serviced by one man, the right is reserved to have the Commissioner obtain such assistance of a clerk or clerks as may be needed.

Mail bids will be so handled as to give the same effect as if the bidders were at the ring side, with the specified limits in mind. The Mail Bid Commissioner will start no animals in the sale. He will bid the prevailing raises carefully up to the amount necessary to obtain the animal, or to the limit of the bid, which ever is reached the sooner. This procedure will be adhered to strictly except where there may be bids from two parties on the same lot. In that event, the commissioner will first bid the higher limit of the lower of the competing bids, and go on from there to represent the higher mail bid.

At the conclusion of the sale, all mail bids will be turned over to the sale management, and every bidder, regardless of whether successful or not, will be advised by letter as to the results of his bid.

All cattle purchased for absentee buyers will be loaded for shipment in the

**PAUL DRESSER**

**Home Address, Cedar Falls, Iowa**

**Sale Address, Hanford Hotel  
Mason City, Iowa**

manner instructed in the "Shipping Instructions," of the buyer, with feed, bedding, watering facilities, and partitioning required for the delivery trip, without concern to the buyer. Likewise all calves that are to be shipped by express crated will be provided with proper crates. Buyers should add \$5.00 for each calf that is to be crated, the crate then belonging to the buyer. It is necessary to provide for this, as many sellers are dispersing their herds and it is inconvenient to take the calves home for crating there. No charge will be made for the work of loading, nor feed for the first two days cattle may have to stay at the sale barn. Feed after the 2nd day following the same is at the expense of the buyer, but all feed of course be bought, and charged, at actual cost.

Our experience is that all cattle sold make an exit from the sale barn that is wonderfully close to complete within two hours from the close of the sale.

In one department, that of the baby calves, the mail bidder can be of much assistance. There are many baby calves dropped the five weeks before the sale, that never get into the head-notes of the catalog. They are there, bright and chipper, led into the rings of the sale with their dams.

A mail bidder competes with his bids against the bids of buyers there in person, and the \$5.00 more that he pays over the bid of a bidder in the ring is a well-placed bid.

Mr. Dresser is not personally interested in the sale price, either as seller or as salesman, and receives payment for his per diem and expense, without regard to what the cattle may bring.

#### **Baby Calves**

The tendency in consigning cows, is to pick those calving about sale time or shortly before. It takes some five weeks to go through the motions of preparing copy for the sale, read the proof, print the catalog. This operates to produce at a sale a lot of calves that never get into the head-notes, but are led into the ring with their dams, sold separately.

Buyers pay a bit more for the calf if the mother is present, a bit more for the dam when the calf is on display.

In the ordinary course of cataloguing,

the fact that a bull calf or a heifer calf is to be sold, led into the ring with the dam, sold separately, is indicated by the head-note in the dam's pedigree in the catalog something like this:

"AND her red cow calf, January 4, 1945, sired by (naming the sire and his dam, and dam's producing record.)

#### **The Figure of Merit**

In the tabulations in this catalog the two signs: FM and RM are used. RM means Record of Merit. FM means Figure of Merit.

Record of Merit means that a cow has a record published in the Milking Shorthorn year book. Requirements for this start at 5,250 pounds of milk or its equivalent at 4 per cent, 210 lbs. of butterfat, at two and one-half years of age. They increase 3 pounds of milk and 1/10 of a pound of butterfat for each day over 30 months that the animal is of age at the start of the record, and continue until, some place between 54 and 60 months, the requirements run into the mature requirement at 5 years of 8,000 pounds of milk or 300 lbs. of butterfat. If the record is made in 305 days and a living calf dropped within four months of the time a cow freshened when the record was started, the requirement is reduced 10 per cent.

A Record of Merit for a bull means that he has two or more Record of Merit daughters.

The Figure of Merit is applied to bulls only, but is earned for them by their daughters. Five or more daughters are required that have pairs. That is, the daughters have records and the dams have records. A bull's Figure of Merit is the average of his daughters at two time a day milking, 365 days, plus or minus the gain or loss of his daughters compared with their dams.

#### **Importance of Production**

Milking Shorthorn breeders deal with both milk and flesh. Some bulls reduce the production of their daughters over their dams. Daughters of Imp. Duke Buttercup averaged 1,000 lbs. of milk a year less than their dams' production.

With some bulls advancing production, others tearing production down, it is worth while to have some buttressing of production in the pedigree.

In this catalog, the following animals

have Figures of Merit given in the pedigrees:

Reference Sire Lot B, Walgrove Camp Fire, the leading living Fig. of Merit sire: Lots 3, Emily, lot 4, Madam Fillpail, lot 5, Wild Eyes Bonnie 4th, lot 6, Hope, lot 8, Style's Lassie.

Lot 10, Beauty Belle, lot 11, Maples Belle 3d, lot 15, Maples Barbara 4th, lot 16, May Belle, lot 17, Maples Janice 16th, lot 19, McKee's Lily Clay.

Lot 20, Bonnie Clay Gift, lot 21, Nellie's Sanvitalia, lot 22, Graceful Saponaria, lot 23, Dairy Maid Carnation, lot 24, Crimson Rose, lot 25, Minstrel Ruby, lot 26, Shortview Butter Maid, lot 27, Red Nannie 14th, lot 28, Red Nannie 15th, lot 29, Lulu Belle of W V.

Lot 30, Shortview Sleepy Gal, lot 35, Verna of Walcott View, lot 36, Shortview Victoria, lot 37, Fairview Prince 2d, lot 39, Far View Star, lot 41, Maples Rupert 6th, lot 43, Walgrove Crimson Ember, lot 44, Twildo Champion Lad, lot 45, Willo Double Park, lot 46, Roan Prince, lot 47, Fairview Pal O Mine, lot 48, Shortview Elmer, lot 49, Walgrove Carnetta King.

Lot 50, Prairie Roan Reveler, lot 51, King Lucifer, lot 52, Fair Acres Noah 14th, lot 53, Far View Chief, lot 54, Broadview Brenda's Lad.

The importance being paid to production sires is shown by the fact that the catalog for the Mason City Sale, January 20th, 1945, called attention to 17 cattle listed in the catalog as having Figure of Merit sires in their pedigrees. This catalog lists thirty eight of the animals offered for sale as having Figure of Merit animals in their pedigrees.

Considering that a bull must be some eight years old before five or more of his daughters make records to compare with those of their dams, it is, perhaps, nothing against an animal that no Figure of Merit appears in its pedigree. It is, however, a credit to an animal to have the Figure of Merit in its pedigree.

In speaking of the Figure of Merit, good records, such as 400 lbs. of butterfat or more, of 10,000 lbs. of milk or more, and a 4% average test of butterfat, are indicated. About one-third of the bulls having five or more daughters that are pairs (daughters with records and their dams with records) have improving rec-

ords, one-third are more or less neutral, and one-third have diminishing records.

As an illustration of how Figures of Merit are made, take the record ten daughters of Walgrove Camp Fire that have dams with records. All are compiled to yields in 365 days on two times a day milking. The 10 daughters have records totaling 98,872-3,948 lbs., an average of 9,687-394, testing 4.01%.

Their dams have records totaling 88,360-3,367 lbs. an average of 8,836,336 lbs.

The Figure of Merit of a bull is the average of his five or more record daughters plus or minus the gain or loss of the daughters compared with their dams.

The 10 daughters show an average gain of 851-58 lbs., which gives a Figure of Merit of 10,538-452 lbs., testing 4.28%.

### Imported Cows

Every Shorthorn cow in the States and Canada traces to some cow imported from Great Britain.

In 1822 was published Volume 1 of the English Herd Book, known generally as Coates' Herd Book, largely made possible by the exertions of Mr. Whitaker and Mr. Bates. In 1845 was published the first volume of the American Herd Book. Prior to 1870, when the Cruickshank cattle appeared, Shorthorn cows in England were, very largely, good fleshers and good milkers.

It is interesting to observe the imported cows to which our milking shorthorns of today trace. In this catalog the imported cow to which each animal is given in the tabulation of the third dam.

Every one pays some attention to registry certificates. The Mexicans and Henry Ford value them as indicating some care in the breeding of cattle. This is the minimum attention to registry certificates.

Thomas Bates, the master breeder, says:

"A good beast is a good beast, come how it may; but to pedigree alone may we look for succession."

These are his words thundering down the halls of Time.

Most of the cows in this sale trace to cattle bred in and about Yorkshire and Durham shires in England, by Thomas Bates and his contemporaries.

### **Imported Cows**

Of the fifty-four cattle listed in this sale, four trace to the

#### **Durham Cow, Ky. Imp. 1817**

They are lots 9, 26, 30 and 36. She was, along with the Teeswater Cow and Mrs. Motte, imported by Col. Lewis Sanders of Kentucky in 1817.

#### **Imp. Arabella**

By North Star (460), a son of Comet. Arabella was bred by Mr. Wetherell, of Kirk-by-Malery, Leicestershire. Animals tracing to her are lots 17, 19 and 41.

#### **Imp. Jessamine 2d**

By Baron Killerby (27949), of Booth breeding, lots 27, 28 and 52, trace to her.

#### **Imp. Rosemary**

By Flash (261) that has a heavy infusion of Favourite blood. Lots 1, 14 and 29 trace to her.

#### **Imp. Young Mary**

By Jupiter (2170), this thick, milky cow was imported by Kentuckians in 1834, where she produced 14 calves, possibly one or two bulls and died at the ripe age of 21. Lots 21, 22, and 24 trace to her.

#### **Imp. Beauty**

By De Veaux (1916), was bred by Mr. Jonas Whitaker, Burley, near Otley, Yorkshire. Lots 2 and 53 trace to her.

#### **Imp. Medora**

By Horatio (10335), bred by Mr. Eastwood, Burnley, the same herd that produced Hopeless by Horatio. Lot 48 is one of her descendants.

#### **Imp. Blossom**

By Fitz Favourite (1042), this cow has a heavy infusion of the Princess Bloom, most highly esteemed by Thomas Bates. His favorite bull, Belvidere, was of the Princess blood. Blossom traces to the cow Stripes the oldest recorded Short-horn Cow.

#### **Cox Importation**

Lot 23, traces to the Cox importation in 1816, six years before the issuance of the first volume of the English Herd Book.

#### **Imp. Bloom**

By Sir Leonard (10827), comes from

the herd of R. Booth, of Warlabby, Northampton. Lots 11 and 15 trace to her.

#### **Imp. Agatha**

Alias Boston by Sir Charles (1440). She was a thick, easy milking cow, good for both pail and frying pan, and is registered in Volume 1 of Coates Herd Book. Lot 13 traces to her.

#### **Imp. Kirklevington 5th**

By 2d Duke of Rowley (28841), bred by I. Downing, Turners Hill, and of Bates Oxford Blood. Lot 6 traces to her.

#### **Imp. Rosa**

By Baron of Kidsdale (11156), was bred by M. Stewart, Southwick, Dumfries. Lot 12 traces to her.

#### **Imp. Fair Kirklevington**

By Frigleman 66153, of the Thomas Bates, Kirklevington blood. Lot 18 traces to her.

#### **Imp. Victoria 63rd**

By Pride of the Isles 45274, of whom Mr. Cruickshank said of his daughters in his herd: "His daughters milk so much that, except for the few weeks dry, they look much thinner than if they did not milk much." Lot 10 is one of the descendants.

#### **Imp. Roan Duchess**

By Lord Ducie 662, has lot 7 tracing to her. She is of Bates blood lines.

#### **Old Wiley**

She was imported at great expense and without regard to cost by Abijah Hammond, a wealthy merchant of Throg's Neck, Westchester County, New York. Of her the herd book prints: "This cow is a remarkably good milker, having yielded 12 lbs. of butter a week on grass pasture." Lot 3 and 38 trace to her.

#### **Imp. Kirklevington**

By Duke of Hillhurst (139991). Lot 46 traces to her.

#### **Imp. Caroline**

By Dashwood 9731, imported in 1830 by Walter Dunn of Lexington, Kentucky. The saying about Imp. Caroline was: "Often shown, never beaten." Lot 42 traces to her.

#### **Imp. Arabella**

By Victory (5565), bred by Mr. G. P. Harrison, Lowfield House, Pierce Bridge, a leading milk and beef breeder. Lot 39 traces to her.

#### **Imp. Mrs. Motte**

By Adam (717); imported by Col. Lewis Sanders of Kentucky. She produced four heifers and five bulls. Lot 35 traces to her.

#### **Imp. Alice**

By Magician 2d (10486), is cow of Booth bloodlines. Lot 50 traces to her.

#### **Imp. High Bank**

By Horatio (10335), was bred by Mr. Eastwood, of Burnley. Lot 44 traces to her.

#### **Imp. Lady Gulnare**

By Senator (8548), was bred by the Earl of Carlisle, Castle Howard, Yorkshire. Lot 34 traces to her.

#### **Imp. Grand Duchess 28th**

By 3d Duke of Clarence (23727) of the highest priced tribe of cattle of all time to date. Lot 31 traces to her.

#### **Imp. Pomona**

By Bedford Jr. (1701), his sire Bedford, is very strong in the blood of Favourite (25). Lot 2 traces to her.

#### **Imp. Diadem**

By Jupiter (24228), she was bred by Lord Penhryn, at Wichen Park, whose stock bull was Mr. Bates' Duke of Geneva. Lot 40 traces to her.

#### **Imported Milking Shorthorn Cows**

Of the twenty-eight imported cows to which the cattle offered in this sale trace twenty-five would have been called Milking Shorthorns, had the term been used when they were imported as it is understood today. The other three include Victoria 53d, that is by Mr. Cruickshank's milky Pride of the Isles, and the other two imported Bloom and imported Alice of the breeding of the Booths, that paid more attention to milk than present day beef shorthorn breeders.

#### **Nineteen Consignors**

The fifty-four lots of cattle in this sale are consigned by nineteen breeders in the states of Iowa, Minnesota and Wisconsin.

#### **F. J. Bachman, Clarence, Iowa**

An opportunity to add thickness to the herd is given by Mr. Bachman's sixteen months' bull calf Twildo Champion Lad. Among the many notes of milking ability will be noted the figure of merit of Anderson Ace, whose twelve record of merit daughters show an average gain of 1,537-71 lbs. over their dams.

#### **Andrew H. Barnes, Leighton, Iowa**

Mr. Barnes has achieved in the past five years an enviable reputation as a breeder of heavy milking stock. The dam of his ten months bull calf, Broadview Brenda's Lad has not only a mat. equiv. of 14,398-595 lbs. but she is one of the herd's top show cows. Her calf takes after her. If you want heavy production first and the best show stock you can get, second, you can get it with this calf.

#### **Ivan Dickinson, Shellsburg, Iowa**

Mr. Dickinson sends us two of his best cows, Hope lot 6 and Style's Lassie, lot 8. He also sends the roan bull, just a year old. King Lucifer, lot 51 and the thirteen months old Prairie Roan Reveler, lot 50. Hope brings us a roan bull calf by Prairie Supreme, a milky bull that is the service sire for lot 8 and the sire of the two bull calves. Prairie Supreme's dam has 12,943-502 lbs. and his sire's dam, Kitty Clover, 17,087-755 lbs.

#### **Walter Dietz, Walcott, Iowa**

Mr. Dietz has achieved an excellent reputation for a herd of Milking Shorthorns that is thick and milky. He sends us five cows for this sale, the red seven-year old, Pansy, lot 1, the red four-year old Thornwood Madge, lot 14, the red Lulu Belle of W V, lot 29, a yearling daughter of Pansy, lot 1, and eleven months red heifer, Verna of Walcott View, lot 35. This is the dispersion of Mr. Dietz' small select herd.

#### **Geo. P. Farquhar & Son, Coin, Iowa**

Geo. P. Farquhar & Son, of Coin, Iowa sends us the roan yearling bull, Roan Prince, lot 42, sired by 203d Duke of Iowanna, and carrying in his dam's pedigree Cole's White Heather, the sire of Red Oaks Olivia RM 19-756-14 lbs.

**Graham Land & Livestock Co,  
Waverly, Minn.**

The Grahams, who have ever been strong for production plus type, give us four cows, Wildeyes Bonnie 4th, Lot 5, carrying a September service to Charlie Clay, whose first seven dams average 16,684-666 lbs., May Belle, lot 16, that has a roan calf dropped in December, sired by Charlie Clay, Bonnie Clay Gift, lot 20, a daughter of Wildeyes Bonnie 4th, lot 25, that has with her a March roan bull calf by Glenside Dairy King 3d, son of Glenside Dairy King 2d (fourteen daughters average 10,555-411 lbs.), the bull that Bunting & Peck bought, and, buying, took the entire Glenside herd when they bought him.

And we have three bulls of long butterfat production and attractive fleshing. Far View Prince 2d, lot 37, is a red two year old, a grandson of Red Oaks Olivia, 19,756-714 lbs.

Walgrove Crimson Ember, a red eighteen months bull calf whose first seven dams average 13,280-564 lbs., test 4.25% is one of the highest production bulls offered for anyone to acquire this year. His sire is Walgrove Camp Fire, whose 10 RM daughters show an average gain of 940 lbs. milk and 61 lbs. butterfat. His dam has a record of merit of 12,970 milk and 511 lb. butterfat, a mature equiv. of 14,411-567 lbs. My Venus carries also a strong bid for butcher boy support, weighing 1,590 lbs.

Walgrove Carnetta King, a flash roan thirteen months bull, carries a strong appeal to udder specialists. His sire is Walgrove Camp Fire. His dam, Carnetta Maid, with a mat. equiv. of 12,494-501 lbs. and Mistress Carnetta, his second dam, 11,402-491 lbs. are two leading queens of the order of Washtub Udders. Their pictures are in the catalog, that he who runs may see. Along with big udders come, of course, big bodies, Carnetta Maid checking in at 1,535 lbs. and Mistress Carnetta at 1,470 lbs.

**Erlis Kinsinger, Parnell, Iowa**

Mr. Kinsinger sends us two open heifers of breeding age that are particularly attractive. Butterfly Elaine, a roan March 1934 heifer, and Mary Belle, a red April, 1944, are both by the Eschen bull, Violet Lane Commodore, that is by the Hudson bull, Red Prince and out of

Blossom Bess 9,633-414 lbs. The dam of Mary Belle, is a grand daughter of the excellent Amos bull, Pat's Champion.

**Henry Koop, Ackley, Iowa**

Mr. Koop, who has for stock bull the roan Brookside Robin 14th that appears in the catalog as reference sire lot A, sends four particularly uniform two year old heifers. They are Nellie's Sanvitalia, lot 21, Graceful Saponaria, lot 22, Dairy Maid Carnation, lot 23, and Crimson Rose, lot 24. All four are by Neralcam Star, a grandson of Grand Champion Willingdon. All four heifers are out of dams by Mitchell bulls, Cloverton Glenwood and Cloverton Red Robin.

**Glenn Ladwig, Fredericksburg, Iowa**

Fairview Pal O Mine, a thirteen months red bull carries excellent milk records in every bracket of his pedigree. His dam with a seasonable record of merit 7,569-396 lbs. carries a test of 5.24%, the like of which is not found every day, nor every month, nor every year. She has five merit requirements.

**William Lofgren, Lake Elmo, Minn.**

Mr. Lofgren's farm is in the Minnesota bluffs where it is a short view to the blue sky. For this reason his cattle carry the prefix Shortview. He has an enviable reputation for producing cows that do well with the buyers at our sales. Shortview Beauty, lot 9, and Shortview Hannel, lot 12, are daughters of Oak Dale Golden, that carry Mr. H. E. Tener's best heavy-milk pedigree. Shortview Butter Maid, lot 26, Shortview Sleepy Gal, lot 30, Shortview Victoria, lot 36, are sired by Elmdale Oxford 2d, a son of Borg's Victor Oxford that is out Tilden Farms Belle 12,482-513 lbs. Mr. Lofgren also sends a roan thirteen months bull calf, Shortview Elmer, lot 48.

**McKee Farms, Carlisle, Iowa**

The McKee's send a very likeable roan heifer, McKee's Lily Clay, carrying an August service by McKee's Blackwood Baron whose dam has nine consecutive records average 13,565-525 lbs. They send a roan bull just over a year old sired by Gold Mine Troubadour, that is out of Silver Pride 2d, 9,616-394 lbs. dam of five famous daughters including Silver Pride 3d, 1938-39 Grand Champion at

Iowa and Silver Queen, Reserve All-American Cow in 1939. Gold Mine Troubadour is also the sire of McKee's Lily Clay.

**Edwin A. Miller, Rock Valley, Iowa**

Mr. Miller send a red 1942 bull, Far View Star, that is by Bar None Burnett whose dam is Windfall Lady 14,723-553 lbs. The dam of Far View Star, Dairy-maid, has 2, 3<sup>rd</sup>, 4, and 5 year old records. Her five year old record 10,966-415 lbs in 271 days. Far View Chief, a ten months red bull calf is sired by Far View Burnett, a home bred son of Bar None Burnett. Happy Jane with a j2 yr. old record of 6,820-249 lbs. in 305 days; the dam of Far View Chief, is out of General Jane 12,079-504 lbs. at 3 years, one of Mr. Miller's best cows.

**Relander Bros., Boardman, Wis.**

Relander Bros. send Rowena 7th, lot 18, a very attractive red heifer, to calve in August to the service of Parkmaster. A picture of Parkmaster and of his dam Park Fern 6th appear in this catalog. They also send the milky fifteen months red bull calf Willo Double Park, lot 45, a son of Parkmaster. Wachusett Master the popular head of the Houlton herd is the sire of Parkmaster. The dam of Willo Double Park is by Gift's Champion out of Park Fern. The entire pedigree of this calf is a Houlton pedigree.

**Reubn Rustad, Northwood, Iowa**

Having consigned to a number of our Mason City Sales, Mr. Rustad has figured out the best way to satisfy both buyers and himself. "Send your best cow, and a good heifer. Then send another heifer along with them and make them both as good as the cow," says he. He sends to this sale, Madam Fillpail, lot 4, Red Nannie 14th, lot 27, and Red Nannie 15th, lot 28. He also sends Fair Acres Noah 14th, lot 42, a ten months red bull calf, of the same breeding as the two red Nannie's.

**Henry Schlotfeldt, Dixon, Iowa**

Dairy Duchess 23d, lot 31, an open fifteen months red heifer is of the Bates Duchess family, the favourite family of Thomas Bates, the family worshiped by Bates adherence for fifty years after Mr. Bates died. Mr. Schlotfeldt has a herd of Bates Duchess's and is the leading authority on Bates pedigrees. Her sire is of pure Hermongers breeding direct from the herd of H. J. Watson, Sussex, England.

**Fred Sydness, Huxley, Iowa**

Mr. Sydness sends the roan six year old Lady Louisiana that carries a typical Gronna pedigree, and the red four year old Musician Rosetta by Mountain Royal Musician bred by the White Mountain herd, New Bremen, Ohio.

**H. R. Taylor & Son, River Falls, Wis.**

Mr. Taylor, whose type of Milking Shorthorn cow, deep thick, milky has found great favor at our sales, sends three daughters of Walby Duke, whose sire was the sire of Cora Buttercup that sold for \$2,050 at the Houlton dispersion. These young cows are Maples Belle 3d, lot 11, Maples Barbara 4th, lot 15, and Maples Janice 16th, lot 17. He also sends his roan yearling bull, Maples Rupert 6th, that has been used somewhat at the home farm.

**Louis Underbakke, Canton, Minn.**

Inability to secure labor for his farm compels Louis L. Underbakke of Minnesota to consign three of his good cows to this sale. Kate, lot 2, is a roan, of plain American breeding. Emily, lot 3, carries Borg Farms, Walter Davies and Logsdon breeding. Beauty Belle, a red three year old is sired by a Walter Davies bull, Prosperous Pied Piper. All three cows are good producers. Mr. Underbakke consigns a red two year old Chief, lot 38, that is sired by a son of Rosebud, the dam of Emily, lot 3. Mr. Underbakke consigns the white two year old, White Barrington, that carries an excellent line up of Bates breeding.

# Lot A

Brookside Robin 14th m2066481

Cow

### TRIBUTE OF LEADING AUTHORITIES:

"He is one of the outstanding proven sires of the breed. His daughters are of splendid type, grand head and horns, good udders, and every daughter old enough to complete a record has qualified for the Record of Merit. His daughters in this sale are the most outstanding demonstration of breeding ability and worth ever presented in a Milking Shorthorn Sale." W. Arthur Simpson, Lyndonville, Vt., in catalog of the Walgrove Dispersal, Mar. 20, 1940.

"The ability to transmit established merit is the real proof of a herd sire. His (Camp Fire's) daughters and proven sons demonstrate his ability to transmit his rich inheritance to his offspring," John B. Gage, Kansas City, Mo., in Milking Shorthorn Journal, May, 1940.

Dam of Broadview June RM 13,093-491 lbs.

## GUARANTY and TERMS OF SALE

1. Proper care must be given by purchaser to protect the breeding qualities and health of guaranteed animals.

2. All bulls catalogued as separate lots are guaranteed breeders, provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if bought under 14 months of age.

3. Cows having dropped living calves within four months of sale are considered proven breeders. All other cows and heifers are guaranteed breeders, except calves catalogued with dams and heifers under 10 months at time of sale. Heifers under 2 years shall not be served by old or heavy bull. Cows and heifers served for more than 4 months, according to service date furnished at time of sale, but not proving in calf must be reported to the seller within 3 months of sale; those reported served within 4 months of sale, not proving in calf, must be reported within 5 months. Females over 10 months old sold open, not settling within 12 months of sale, shall be reported to seller within 13 months of sale. Animals reported at sale as served, proving not to be in calf but subsequently proven breeders shall carry a refund by the seller to the buyer of 10% of the purchase price on animals reported served more than 4 months before the sale, no refund on animals reported as served less than 4 months.

4. Any animal not proving up to the foregoing guaranty shall be replaced at the premises of the seller with another animal of equal value at the time of purchase or, at seller's option, selling price without interest or charge for feed or maintenance may be refunded. Or the seller may have the animal returned for retrial for a period not exceeding six months, transportation to be paid for the moment by seller. If the animal proves a breeder, to be returned to buyer at his expense for transportation both ways. If the animal proves a non-breeder, seller shall refund purchase price without charge for interest, feed or maintenance being made by either buyer or seller, salvage going to seller. The guaranty applying to first animal sold shall apply to its substitute.

5. All animals sold subject to a 60-day re-test for tuberculosis, or to comply with the laws of the state or county into which they may be shipped. Unless the buyer's herd be federally accredited, animals shall be segregated from buyer's herd until re-test is made. All tests for tuberculosis, before sale or re-test, shall be made by federal or state veterinarian, or veterinarian deputized by the state veterinarian, who is cooperating with federal veterinarian and qualified to do accredited herd testing. Upon proof of reaction, settlement to be made under section 4. Blood tests healthy to bang's disease, made within 30 days of sale, furnished. Certificate that animal is one of a herd federally accredited for tb or bang may be furnished in lieu of individual charts. Health charts for tb and bang ready at close of sale.

6. Milking Shorthorn registry certificates on each lot catalogued, and on calves catalogued with dam, will be transferred without trouble to the buyer on the records of the American Shorthorn Herd Book, and delivered to buyer in due course. Application for registry forms on calves carried in dam, made out so far as required for seller, will be furnished each buyer in due course. Shipment made as soon as possible after close of sale in accordance with buyer's instructions and without trouble to buyer, but at buyer's risk of loss or injury after animal is sold by auctioneer.

7. TERMS: Cash, except other arrangements are made with owner before sale. Settlement to be made with the clerk of the sale immediately after close of the sale. The sale manager and clerk act as agents for the sellers, but it is stipulated that neither sale manager nor clerk assume any liability, legal or otherwise, and that the guaranty and terms above are the agreement of sale between buyer and seller.

# Convenient Mail Order Form

If you are unable to attend the sale personally, you can place a mail bid within your limits of bidding, something as follows:

Mr. Paul Dresser, Cedar Falls, Iowa (Hanford Hotel, Mason City, Iowa, May 25th and 26th.) I am interested in the following lots at the Mason City, Iowa, sale May 26th, 1945:

Lots and limits of bids -----

## Shipping Suggestions

If you buy baby calves, you can have them shipped long distances by express very cheaply. Add \$5.00 for a crate if you order your baby calf shipped by express. The crate becomes your property.

You may ship by freight in carload lots economically if you buy 5 or more head, to take the carload rates. Less than 5 you can ship by freight at less than carload rate.

Trucks will be on hand at the sale barn, to make shipments at low rates to all points.

If you buy cattle and desire the management to attend to shipping them, please fill out the form below and hand to the clerk, with your settlement. Health charts showing cattle healthy to tb and bang will be ready for you immediately on your making settlement with the clerk
